Bansko Resort

Location

Bansko is a ski and mountain resort located in the south-western part of Bulgaria. The town is situated 6 km from the town of Razlog and 160 km from the capital of Sofia. Bansko lies on the two banks of the Glazne river at the foot of the Pirin mountain, right below the highest part of it. The Pirin mountain is an Alpine type mountain with its highest peak - Vihren (2914 m). The town of Bansko is located 925 m above the sea level whereas its ski area - at an altitude of 2000 - 2600 m.

Resort information

Bansko ski resort is attractive in all seasons. It provides excellent ski and snowboard facilities, as well as a unique history and architecture of an old and new part of the town. Thanks to these features Bansko is a favorite ski and snowboard destination.

During the recent years a multimillion Euros investment in a brand new skiing area has been made by Yulen, the company that runs the skiing area of Bansko. Numerous new luxury hotels and facilities in the area of the Gondola lift station have been constructed.

Bansko mountain rescue service

(+359) 887 100 241, (+359) 88 1474, (+359) 749 8 8132.

Medical & dental services

Ambulance, first aid on the ski slopes and clinic as well as 24h a day emergency ski patrol service are available. Fully equipped hospitals, pharmacies and dentists are available in the town of Bansko.

All dental services and some medical services must be paid in cash to the doctors or clinics. They should provide the necessary receipts, bills and invoices describing the cost and the service, so that you can claim back the expense to your insurance company. In case of injury you should inform your insurance company and follow its instructions.
How to reach Bansko

Bansko is located 160 km south of Sofia, 60 km southeast of Blagoevgrad, 6 km south of Razlog and about 50 km north of Gotse Delchev.

By plane
Sofia Airport (around 160 km away) and Plovdiv Airport (around 180 km away) serve Bansko.

Book a ticket at the best rate for charter or regular flight to Bulgaria: [http://bulgariaflights.com](http://bulgariaflights.com)

By car/ private transfer
The most comfortable, reliable and quickest way to reach Bansko is by car or private transfer.

Book a private transfer at a reasonable price here: [Private transfer to Bansko](http://bulgariaflights.com) or [rent a car](http://bulgariaflights.com).

By bus
Bansko is well connected to the major cities of West Bulgaria by buses. Buses from Sofia to Bansko departing from either the Central Bus Station located on Maria Louisa Blvd. or from the Ovcha Kupel Bus Station located on Tsar Boris III Blvd.

Transfer time from Sofia to Bansko is about 3 hours by bus. The town's bus station is located on the Patriarh Evtimii road, about 5 minutes walk north of the centre. It is served by regular buses from Sofia and less regularly from Plovdiv about 3 times a day.

By train
Traveling from Sofia to Bansko by train is a very beautiful journey. But it takes twice the amount of time than by car/ bus (about 7 hours). The journey takes you through the highest train station in the Balkans. There are four trains a day in each direction. You have to change trains at Septemvri, so there’s plenty of time to grab sandwiches and beer for the ride. Traveling from Plovdiv to Bansko takes about 5.5 hours.

Bansko ski slopes

The ski pistes of Bansko resort are located on the northern slopes of the Pirin mountain in 2 main ski centres: CHALIN VALOG (1100-1600 m) and SHILIGARNIKA (1700-2500 m).

The ski centres are situated about 10 km above the town. They are easily accessible from Bansko for approximately 25 minutes ride on the Gondola lift. The total length of the marked pistes is 70 km.

The snow conditions in the resort are excellent. The snow cover remains from December till April. The ski season lasts longer thanks to the 44 Technoalpine snow cannons that cover most of the slopes. There are 12 Kassbohrer slope maintenance vehicles as well.
For the snowboarders there is an extreme fun park – the first one on the Balkans. The snowboarders can build jumps according to their abilities and taste. Snow sport lovers can take part in different competitions organized on the new piste on Shiligarnika.

The total length of the lift equipment in Bansko is 26 km. 8-seats Gondola cabin lift and 5 high speed quads by Dopplemayer, one 3-seat lift by Poma, 7 drags and 10 baby drags operate in Bansko. The ski and snowboard equipment can be used by a chip-card from SkiData.

Big monitors are based on the first station of the Gondola lift. The monitors inform for wind and temperature conditions on different pistes.

The ski centres of Bansko offer ski runs for all type of skiers, a 5 km cross-country track, a 3 km Rollbahn ski run, slalom and giant slalom ski runs, etc.
